

# INDEX TO VOLUME 143

## A

- Abdominal Surgery, The Importance of Anatomical Variation in, 798  
 Abdominal Tumors, Large, of Childhood, 803  
 Acid Peptic Digestion, The Role of Brunner's Glands in the Intrinsic Resistance of the Duodenum to, 160  
 Acute Appendicitis, The Management of Cecal Cancer Discovered Unexpectedly at Operation for, 670  
 Acute Cholecystitis, A Study of Serum Amylase Concentration in Patients with, 517  
 Acute Nonspecific Inflammatory Lesions of the Cecum, 665  
 Acute Pancreatitis, A Further Case of Afferent Loop Obstruction Simulating, 266  
 Adrenalin Producing Tumors in Childhood, 256  
 Agensis, of the Vagina, Imperforate Anus with, 430  
 Ammonia Accumulation, Experimental Observations on Meat Intoxication, and Hepatic Coma, 588  
 Anatomical Variation, The Importance of, in Abdominal Surgery, 798  
 Anesthesia, The Safety of Curare in, 833  
 Antral Tissue, The Physiologic Significance of Retained, after Partial Gastrectomy, 520  
 Aortic Aneurysms, Excision of, with Restoration of Circulation by Aortorrhaphy or Arterial Graft, 57  
 Appendix, Ruptured Mucocele of the, with Pseudomyxoma Peritonei, Presenting as a Symptomatic Inguinal Hernia, 280  
 Arteriography, A Method for Coronary, 412  
 Arteriosus, An Anatomically Atypical Patent Ductus, 136  
 Arteriovenous Aneurysms of the Brain: Some Indications and Contraindications to Surgery, 628  
 Artificial Fiber, as an Artery Substitute, The use of, 862  
 Au<sup>198</sup>, An Experimental Study of Intramammary Injection of, 92  
 Axillary Dissection, A More Thorough In-Continuity Neck and, 481

## B

- Biopsy, Vertebral Trephine, 373  
 Bladder, Methods of Preventing Injuries to the, and Ureter During Gynecological Operations, 752  
 Bleeding from the Nipple in Infancy Due to Cystic Ductal Hyperplasia of the Breast, 557  
 Blood and Urinary 17-Hydroxy corticosteroids in Patients with Severe Burns, 316  
 Blood Loss, A Comparison of, and Operative Time in Certain Procedures Completed with and without Controlled Hypotension, 289  
 Blood Vessels, The Sterilization and Storage of Lyophilized, 73  
 Blunt Trauma, Retroperitoneal Rupture of the Duodenum Caused by, with a Case Report, 269  
 Bronchus, Traumatic Rupture of, 98  
 Brunner's Glands, The Role of, in the Intrinsic Resistance of the Duodenum to Acid Peptic Digestion, 160  
 Burns, Studies on, I. The Exposure Method vs. Occlusive Dressings in the local treatment of Experimental Burns, 49

## C

- Calcium Metabolism, Studies of, following Surgical Trauma, 452  
 Cancer Development, in the Gastric Stump after Partial Gastrectomy for Ulcer, 173  
 Carcinoma, A Study of the Problem of Recurrence of, at the Anastomotic Site following Resection of the Colon for Carcinoma, 1  
 Carcinoma of the Cervix—A Discussion, 744  
 Carcinoma, of the Right Side of the Colon: Operability, Resectability and Survival Rates, 330  
 Carcinoma of the Thyroid, The Pattern of Metastasis of, 580  
 Carcinomas, Sex Differences in the Spread of Colorectal and Vesicle, 284  
 Carcinomas, Successive Independent (Metachronous), of the Colon, 117  
 Cardiac Innervation, IV, The Role of Extrinsic, Ventricular Fibrillation in the Hypothermic State: 223  
 Cardiac Valves in Action, A Simple Mechanical Pulse Dupliator for Cinematography, of, 544  
 Carotid Artery Ligation, An Analysis of the Results of treatment of Intracranial Vascular Lesions by, 641  
 Cecal Cancer, Discovered Unexpectedly at Operation for Acute Appendicitis, The Management of, 670  
 Cecum, Acute Nonspecific Inflammatory Lesions of the, 665  
 Cecum, Lymphomas of the Small Intestine and, 349  
 Cecum, Perforation of the, 251  
 Cecum, Volvulus of the, 126  
 Cholecyst-Cholangiography, Intravenous, in Emergency Abdominal Diagnosis, 416  
 Common Bile Duct, Congenital Cystic Dilatation of the, 608  
 Common Duct Calculi, Residual, 619

- Complete Omphalocele, A Case of, 552  
 Congenital Cystic Dilatation of the Common Bile Duct, 608  
 Controlled Hypotension, A Comparison of Blood Loss and Operative Time in Certain Procedures Completed with and without, 289  
 Coronary Arteriography, A Method for, 412  
 Coronary Thrombosis, Experimental, in the Dog, 535  
 Curare, The Safety of, in Anesthesia, 833  
 Cystic Ductal Hyperplasia of the Breast, Bleeding from the Nipple in Infancy due to, 557

## D

- Dextrans, Studies of, of Various Molecular Sizes, 369  
 Disaster Planning, Problems of, 566

## E

- Editorial: The Teaching of Surgery of the Hand, 141  
 Endocrinology, Studies in Surgical, II. The Free Blood 17 Hydroxycorticoids in Surgical Patients, Their Relation to Urine Steroids; Metabolism and Convalescence, 180  
 Enterogenous Cyst, of the Stomach Wall, A Rare Benign Lesion, 131  
 Esophagitis and Esophageal Stricture, Experimental Aspects of the Surgical Treatment of Reflux, 465  
 Esophagitis, The Etiology and Treatment of Peptic, 360  
 Etiology, The, and Treatment of Peptic Esophagitis, 360  
 Experimental Vascular Grafts, IX. The Effects of Interposed Autogenous Segments on Homologous Grafts Implanted into the Thoracic Aorta of Growing Animals, 397

## F

- Fractures of the Hip, Postoperative Infections following Internal Fixation for, 651

## G

- Gastrectomy, The Physiologic Significance of Retained Antral Tissue after Partial, 520  
 Gastric Stump, Cancer development in the, after Partial Gastrectomy for Ulcer, 173  
 Gastric Surgery, Stomal Ulceration after, 697  
 Gastric Ulcer, Total Gastrectomy with Roux-en-Y Esophagojejunostomy in treatment of, 682  
 Gastrojejunal Ulcer: Problems in Surgical Management, 235  
 Gastromalacia, 106  
 Gastrostomy and Its Complications, 245  
 Glessman's Gastrostomy, with Results in 18 Patients, A Modification of, 838  
 Goiter, Intrathoracic (Mediastinal), Surgical Approach to, 572  
 Goodwin Procedure, Experience with the: Uretersigmoidostomy, 337  
 Gracilis Muscle, Transplant for Correction of Urinary Incontinence in Male Children, 764  
 Gynecological Operations, Methods of Preventing Injury to the Ureters and Bladder During, 752

## H

- Hematoma, Traumatic Intracerebral, 294  
 Hemorrhagic Pancreatitis, Experimental, New Concepts of Pathogenesis, 508  
 Hiatal Hernias, The Consequences of Neglected, 822  
 Hiatal Hernia, with comments on Surgical Treatment, Observations on the Pathologic Physiology of the lower Esophagus in Sliding, 459  
 Homografts, The Vascularization of Skin Autografts and, 306  
 Hypersplenism, Fate of Patients with Splenomegaly and, Not treated with Splenectomy, 29  
 Hypotension, Induced, for Neurosurgical Procedures, A Critical Analysis, 143  
 Hypotension, in Intracranial Operations, the Use of a Thiopanium Derivative for Controlled, 81  
 Hypothermia, and Autonomic Blocking Agents on Hemorrhagic Shock, Experimental Observations on the Influence of, 439  
 Hypothermia, The Effects of, on the Peripheral Serum Levels of Free 17-Hydroxycorticoids in the Dog and Man, 210

## I

- Imperforate Anus with Agensis of the Vagina, 430  
 Inguinal Hernia Repair, Views on the Choice of Operation for, 868  
 Intracranial Vascular Lesions, by Carotid Artery Ligation, An Analysis of the Treatment of, 641  
 Intrathoracic (Mediastinal) Goiter, Surgical Approach to, 572  
 Intravenous Cholecyst-Cholangiography in Emergency Abdominal Diagnosis, 416  
 Injuries to the Foot and Leg, Soft Tissue Coverage for, 37  
 Intramammary Injection of Au<sup>198</sup>, An Experimental Study of, 92  
 Intussusception: An Appraisal of Present Treatment, 8

J

- Jejunal Diverticulosis, A Spontaneous Pneumoperitoneum Due to, 112  
Jejunum, Reduplication of the, A Case of Intestinal Obstruction from Spontaneous Subserosal Hemorrhage with Angiomatous Malformation Associated with, 720

L

- Large Abdominal Tumors of Childhood, 803  
Latissimus Dorsi, Transplantation for loss of Flexion on Extension at the Elbow, 493  
Loss of Flexion or Extension at the Elbow, Latissimus Dorsi Transplantation for, 493  
Lower Esophagus, Excision of Diverticulum of the Pharyngo-Esophageal Junction and, by Means of the One Stage Procedure, 433  
Lung, Primary Lymphoma of the, 18  
Lymphomas of the Small Intestine and Cecum, 349

M

- Major Surgery, in Patients 70 Years of Age and Over, 845  
Mastectomy, The Use of Skin Grafts in Radical, 881  
Masculinizing Tumors of the Ovary, Clinical Evaluation of, 729  
Meigs Syndrome, 740  
Metastasis of Carcinoma of the Thyroid, The Pattern of, 580  
Mitral Stenosis, Recurrent, A Case Report, 405  
Mucocoele, Ruptured, of the Appendix with Pseudomyxoma Peritonei; Presenting as a Symptomatic Inguinal Hernia, 280

N

- Neurosurgical Procedures, Induced Hypotension for, A Critical Analysis, 143

O

- Observations, Experimental, on Meat Intoxication, Ammonia Accumulation and Hepatic Coma, 588  
Observations, Experimental, on the Influence of Hypothermia and Autonomic Blocking Agents on Hemorrhagic Shock, 439  
Omphalocele, A Case of Complete, 552  
Operability, Resectability and Survival Rates: Carcinoma of the Right Side of the Colon, 330  
Operative Closure of the Patent Ductus Arteriosus, A Report of 110 Operations without Mortality, 471  
Orlon Mesh Prosthetic Replacement of the Thoracic Aorta and Aortic Bifurcation, Comparison of the Fates of, 65  
Ovary, Clinical Evaluation of Masculinizing Tumors of the, 729

P

- Pancreatic Heterotopic Tissue of the Stomach, Acute Massive Gastro-intestinal Hemorrhage Associated with, 121  
Papillary Tumors, of the Rectum, 780  
Patent Ductus Arteriosus, Operative Closure of the, A Report of 110 Operations without Mortality, 471  
Pathogenesis, New Concepts of, Experimental Hemorrhagic Pancreatitis, 508  
Partial Gastrectomy, The Physiologic Significance of Retained Antral Tissue after, 520  
Pathologic Physiology of the lower Esophagus in Sliding Hiatal Hernia with Comments on Surgical Treatment, Observation on the, 459  
Peptic Ulcer of the Second Part of the Duodenum, 276  
Pharyngo-Esophageal Junction, Excision of Diverticulum of the, and Lower Esophagus by Means of the One Stage Procedure, 433  
Postoperative Antibiotic Protection, Strangulation Obstruction, 386  
Postoperative Infections following Internal Fixation for Fractures of the Hip, 651  
Preanesthetic Medications on the Blood Level of 17-Hydroxycorticosteroids, the effect of, 88  
Presidential Address, The Art of Surgery, 561  
Prevention of Recurrent Small Bowel Obstruction Due to Adhesions, 714  
Primary Lymphoma of the Lung, 18  
Problems of Disaster Planning, 566  
Protein Nutrition in Surgical Patients II. A Comparison of the Nitrogen-Sparing Action of Glucose, Invert Sugar, and Fructose, 448  
Pseudomyxoma Peritonei, Ruptured Mucocoele of the Appendix with, Presenting as a Symptomatic Inguinal Hernia, 280  
Pulmonary Artery Stenosis, Results Following the Creation of, 816  
Pulse Duplicator, A Simple Mechanical, for Cinematography of Cardiac Valves in Action, 544  
Pyloric Antrum, in Peptic Ulcer, The Role of the, 531

R

- Radical Mastectomy, The Use of Skin Grafts in, 881  
Rectum, Papillary Tumors of the, 780  
Recurrent Mitral Stenosis, 405  
Relief of Pain in Chronic Relapsing Pancreatitis with Sympathetic Denervation, 504  
Reflux Esophagitis and Esophageal Stricture, Experimental Aspects of the Surgical Treatment of, 465  
Residual Common Duct Calculi, 619  
Role of the Pyloric Antrum in Peptic Ulcer, The, 531

S

- Septic Shock, 600  
Serum Amylase Concentration in Patients with Acute Cholecystitis, A Study of, 517  
Segmental Resection for Segmental Ulcerative Colitis, 79  
Sex Differences in the Spread of Colorectal and Vesicular Carcinomas, 284  
Simple Closure of Peptic Ulcer, 708  
Sino-Auricular Node Blockade, Prevention by, Ventricular Fibrillation in the Hypothermic State, 216  
Skin Autografts and Homografts, The Vascularization of, 306  
Sliding Hiatal Hernia, Observations on the Pathologic Physiology of the Lower Esophagus in, with Comments on Surgical Treatment, 459  
Soft Tissue Coverage for Injuries of the Foot and Leg, 35  
Splenomegaly, Fate of Patients with, and Hypersplenism Not Treated by Splenectomy, 29  
Spontaneous Pneumoperitoneum Due to Jejunal Diverticulosis, 112  
Spontaneous Subserosal Hemorrhage, A Case of Intestinal Obstruction from, with Angiomatous Malformation Associated with Reduplication of the Jejunum, 720  
Stomach Wall, Enterogenous Cyst of the, A Rare Benign Lesion, 131  
Strangulation Obstruction, Postoperative Antibiotic Protection, 386  
Studies of Dextrans of Various Molecular Sizes, 369  
Studies in Surgical Endocrinology II. The Free Blood 17-Hydroxycorticoids in Surgical Patients; Their Relation to Urine Steroids, Metabolism and Convalescence, 180  
Studies of Calcium Metabolism following Surgical Trauma, 452  
Surface Bleeding, Favorable Effects of Local Hypothermia, The Influence of Temperature on, 660  
Surgery, Induced Ventricular Fibrillation for Experimental Intracardiac, Under Hypothermia, 230  
Surgical Service, Analysis of 119 Hospital Deaths on a, 855  
Surgical Treatment of Reflux Esophagitis and Esophageal Stricture, Experimental Aspects of the, 465  
Sympathetic Denervation, Relief of Pain in Chronic Relapsing Pancreatitis with, 504

T

- Thiopentham Derivative, The Use of a, for Controlled Hypotension in Intracranial Operations, 81  
Thoracic Aorta, Experimental Vascular Grafts, IX. The Effects of Interposed Autogenous Segments on Homologous Grafts Implanted into the, of Growing Animals, 397  
Thrombosis, Experimental Coronary, in the Dog, 535  
Trans temporal Pituitary Stalk Section in the Dog, 422  
Traumatic Intracerebral Hematoma, 294  
Traumatic Rupture of the Bronchus, 98  
Tumors, Adrenalin Producing, in Childhood, 256

U

- Ulcerative Colitis, Segmental Resection for Segmental, 791  
Ulcer, Gastrojejunal: Problems in Surgical Management, 235  
Ulcer, Peptic, of the second part of the Duodenum, 276  
Ureter, Methods of Preventing Injuries to the Bladder and, During Gynecological Operations, 752  
Ureterosigmoidostomy: Experience with the Goodwin Procedure, 337  
Urinary Incontinence, Gracilis Muscle Transplant for, 764

V

- Varicose Veins, Results of Surgical Treatment, 500  
Ventricular Fibrillation in The Hypothermic State: I. Prevention by Sino-Auricular Node Blockade, 216  
Ventricular Fibrillation in the Hypothermic State: IV. The Role of Extrinsic Cardiac Innervation, 223  
Vertebral Trepheine Biopsy, 373  
Vesicle Carcinomas, Sex Differences in the Spread of, Colorectal and, 284  
Views on the Choice of Operation for Inguinal Hernia Repair, 868  
Volvulus of the Cecum, 126
